

December 3, 2008

To the ASUC Senate and Attorney General,

We are five Boalt Hall Students submitting this petition for the recall election of Senator John Moghtader. As of 5:15PM tonight, we gathered 1059 legitimate signatures. Proof of collection is attached. CalNet considers Student ID's to be privileged information which should not be publicly associated with student names. Thus we have abridged the names in the list we have delivered to the Senate out of privacy and security concerns for the signatories. The Attorney General shall be provided with an unabridged copy tonight.

Having presented the Senate with the petition and proof that we have collected over 1000 signatures, and in accordance with the ASUC Constitution's guidelines on recall elections, we request that the Senate set a date for a recall election at its next Senate Meeting, tonight, at December 3rd at 7PM.

As indicated in the petition, the reason for this recall is that we feel Mr. Moghtader's presence on the ASUC Senate is inimical to several provisions articulated in the UC Berkeley Principles of Community.

The incidents leading us to this conclusion are well documented and reported in the Daily Californian, including the Op-Ed article authored by Mr. Moghtader. We feel that the cumulative effect of several incidents and Mr. Moghtader's public reaction to questions about his involvement leave many unsettled questions about his commitment to an open, tolerant, and safe campus environment. We believe that the students of UC Berkeley are in the best position to make a final determination as to Mr. Moghtader's continued presence on the ASUC Senate, thus we collected the signatures for this petition and are now presenting it for immediate action.

Attached is the text of the petition and supporting signatures, including information about the process by which they were collected.

The petition was hosted online at the website www.no2hate.org. In order to sign the petition, potential signatories were required to log-in through the CalNet Authentication System. Once the identity of the potential signatory was confirmed, the user was cross-checked against the Berkeley Directory to confirm that they were currently registered students, and not faculty, staff, or graduated alumni.

The system at www.no2hate.org confirms fully the identity of the user. Once authorized, the user was presented with a form that included the following text next to a checkbox, with their own name appearing in place of a blank line:

“By checking this box and pressing the button below, I acknowledge that I, _____, and no other person, am myself appending my own signature to the petition for a recall of John Moghtader from the ASUC Senate, the text of which is shown below. Furthermore, I agree that my initials above constitute a signature.”

The initials of the user were gathered on the same page as the notice. Furthermore, no signature could be added unless all fields, including the checkbox and initials, were completed, indicating that

the user intended for his or her signature to be appended to the petition.

We continue to collect signatures through our on-line petition, but the amount we have gathered thus far is sufficient for submission and presentation to the Senate. This e-mail fulfills our obligation to present the petition and signatures to the Senate. Thus, we request that the Senate set an election date for a recall election at its next meeting tonight, as required by the ASUC Constitution.

Sincerely,

Nathan Shaffer, Jess Brown, Liz Jackson, Stella Kang, Suzanne Martindale

Petition Text

We, the undersigned students of the University of California at Berkeley, affirm the Campus Principles of Community. In particular, we enumerate our unwavering belief in the following:

- We affirm the dignity of all individuals and strive to uphold a just community in which discrimination and hate are not tolerated.
- We are committed to ensuring freedom of expression and dialogue that elicits the full spectrum of views held by our varied communities.
- We respect the differences as well as the commonalities that bring us together and call for civility and respect in our personal interactions.

We find Senator John Moghtader's presence in the ASUC Senate to be inimical to these principles, his behavior in and out of the Senate during the past several months to be inconsistent with and at times in direct breach of them. We believe that he has persistently acted in a way that silences those who espouse views different from his own and creates an atmosphere that undermines the physical safety of students.

We therefore do not believe that he is an appropriate representative of the student body in the ASUC, and we call for his recall.
